## Need urgent help?

Immediate danger or serious injury: **999**.

Unable to speak on a mobile 999 call: listen and press **55 if prompted** for police. A silent call does not automatically send help.

England urgent mental health: **111**, select the mental health option.

Someone to talk to: **Samaritans 116 123**, free, day or night.

Non-emergency police: **101**.

## If someone has harmed you

You deserve support. You can ask for help before deciding whether to make a formal report. After sexual assault, a SARC can offer specialist care without a prior police report. Find guidance at [nhs.uk - help after rape and sexual assault](https://www.nhs.uk/help/after-rape/).

## Help someone safely

Listen. Check immediate safety. Ask what they need. Help them reach support. Do not pressure them to report, promise secrecy or confront the person involved.
